

Dear Lu,

We liked getting your letter about the New Year celebrations. It sounds like a very exciting and fun time. We have been very busy. Our daughter Houston got married and we have been celebrating her happiness. We are also excited Springtime has arrived, and winter is over. We like the spring flowers and warmer weather. We think about you every day and petition the Father for you to be safe and healthy. You look so beautiful in your pictures. We always enjoy seeing your smiles!

Love,
